EBMDR-8

Exigo Button Expansion Module, 8 Buttons

ICX-AlphaCom

Exigo

EN54 **EN54-16 Certified**

UL Certified Intercom

DESCRIPTION

- Button expansion module for ECPIR-x
- Powered from ECPIR-x
- Eight programmable buttons with individual labels and status indicators
- Optional button protection covers
- Four units can be connected to one access panel

The EBMDR-8 button expansion module is developed for expanding the button capacity of the ECPIR-x access panels or intercom. Each button features eight fully programmable buttons that can be used to manually initiate alarms, select zones, or any other action in the Exigo system.

Each of the module's buttons features two independent indicators that show the status of the button's function. Up to four EBMDR-8 button expansion modules can be daisy chained to one console panel.
